Deported by Her Betrayer.

New York, November 18.—Minnie

Henning, a girl of 21, living in Hoboken, committed suicide by swallowing

poison green this morning. Her story is

peculiarly pathetic. She was married

when 16 years old, but her husband

died three years ago. She then

resumed her maiden name and went

to live with her mother, who is a widow.

About ten months since she met

Jasper N. Keen, of this city. He is a

wholesale liquor dealer, and lives with

his wife and family on Union Hill. He

became acquainted with Miss Henning,

to whom it is alleged he represented

himself as a single man. He became a

frequent visitor at her house, and

was regarded as her accepted lover. One

evening in last June they informed Mrs. H

that they had been married and went

to board at a house in Hoboken. Keen,

who, it is said, publicly acknowledged

her as his wife, spent the greater part

of his time with her until last Monday,

when he disappeared. After that the

other boarders noticed that the girl had

become melancholy. From being a

talkative and spirited girl, she became

silent and spent her days in her room.

On Saturday she came to this city and,

as was afterwards learned, she visited

her brother, who is a member of the

firm of Henning & Macher, photographers.

She returned at a late hour and immediately retired.

At 7 o'clock this morning the inmates

in the house were alarmed by her screams.

Several of them rushed to her room, and on breaking

open the door they found her writhing

on the floor. She was lifted to her bed

where she tossed about in great pain.

"I know I will come," she exclaimed

hysterically, "for I love him so much,

so much, so much."

A physician was summoned, but the

girl died in great agony before Keen

arrived. The county physician was

notified and made an investigation.

The young woman was soon to become

a mother. Mr. Keen could not be

found this evening.

A North Carolina Murder.

PETERSBURG, Va., November 18.—

Information has reached here of a

brutal murder committed in Nash

the spurious coins at \$40 per hundred.

He will be taken to Boston for trial.

Sensation in High Life.

New York, November 18.—Informa-

tion was telegraphed to this city last night

that one of the greatest social sensa-

tions in the history of Elmira had just

become common property, and that

the people there and in the surround-

ing country are much excited over it.

The fact that a beautiful and accom-

plished woman had fled with her child

to this city, and was followed by her

husband, was also made known here.

The lady is Mr. William Rathbun,

one of the wealthiest and most

aristocratic families of the Empire

state. Her husband, William Rathbun,

is the eldest son of the most

prominent family in Elmira. The

cause of the lady's flight is alleged

indefinitely and neglect on the part of

the husband. Mrs. Rathbun has sought

refuge in the home of William T.

Comstock, the son of her guardian,

who resides in this city. Mr. Comstock

said to-night:

"The scandal has created the wildest

excitement in Elmira among the

best circles of society, and will be a

terrible blow to the Rathbun family,

who are one of the bluest-blooded in

that part of the state; but I will bring

it all on myself by his shameless and

inhuman conduct to one of the sweet-

est and best of women."

His Callers—The Canvassers.

ALBANY, N. Y., November 18.—Pres-

ident-elect Cleveland's callers to-day

were numerous. There was a con-

stant stream in and out of the execu-

tive chamber all day. The governor

was accessible to most of the callers

until late in the afternoon, when he

retired to his private room for con-

sultation with his political friends. Gov-

ernor Abbott, of New Jersey, and

United States Senator McPherson, of

that state, called to-day.

The state board of canvassers meets

at the capital Wednesday. The

official returns have been received

from only forty of the sixty counties

in the state, and the board will prob-

ably take a recess for a day in order to

allow further returns to be received

before proceeding with the canvass.

The English Idea.

LONDON, November 19.—John

Bright, in a long free trade speech

late, said: "Since the adoption of

free trade by England, the price of

food and hours of labor have dimi-

nished. He says, "although trade in

England is momentarily depressed,

since the international conference at

Copenhagen. Rev. Dr. Philip Schall,

the fraternal delegate of the American

alliance to the conference, made his

report. He thought that one of the

greatest drawbacks to the cause of the

Christian church of to-day was its de-

nominational distinctions. Rev. Prof.

R. J. Weidner, of the Augusta theo-

logical seminary of Illinois, delivered

an address upon "The Religious Con-

dition of Sweden."

A Glorious Reception.

CORK, November 18.—Patrick N.

Fitzgerald, a fanatical suspect, who was

acquitted at Dublin on the 10th inst.

for complicity in the Tubberway cases,

arrived here to-night. An immense

concourse of people greeted him. The

horses were taken from the carriage

and it was drawn through the street

by the people. A torchlight proces-

sion and bands of music escorted

Fitzgerald to the hotel.

\$100,000 Forgery.

LOUISVILLE, November 18.—Robert

McPhun, alias Bryce, who was arrest-

ed and charged with forgery in Calcut-

ta, is in jail here. He desires to be

taken to Calcutta immediately, and in

the charge of Officer Webb, who iden-

tified him, will start in a few days.

Bryce committed forgery to about

\$100,000 on at Calcutta tea company,

of which he was director.

A Ship-Load of Cholera.

RIO JANEIRO, November 18.—The

steamer Matteo Bruzio, which left

Montevideo with cases of cholera on

board, arrived here, and the authori-

ties refused to admit the steamer.

Since leaving Montevideo ten persons

have died from cholera. The Brazil-

ian government will supply provisions

and everything required by the steamer

to continue her voyage to some other

port.

A Late Arrival.

AUGUSTA, Me., November 18.—The

Augusta Republicans, as manifestation

of their confidence in and respect for

Mr. Blaine, will serenade him at his

residence this evening. There will

be no organized procession, but a

general gathering of citizens. Mr.

Blaine has not rented a house at the

national capital, nor has he fixed any

time for his departure from Augusta.

He will probably spend the winter in

Washington, however, leaving Aug-

usta about the 1st of December, stop-

ping a few days in New York.

JERSEY CITY, Nov. 18.—A horrible

outrage perpetrated by Jersey City

hoodlums came to light this morning.

The victim was Mrs. Bridget Lynch,

aged 45, who resides with her aged hus-

band in a dilapidated shanty on the

meadows near Hackensack river. The

couple were awakened Sunday night

by a loud rapping at the door. Mrs.

Lynch from the window recognized Felix

Woods, aged 16; Anton Dickinson, aged

19; Michael Hush, aged 18, all three be-

ing known to her as desperate charac-

ters and she refused to open the door.

As they persisted the woman called her

husband who came forward with an ax

handle just as the door gave way. The

old man was speedily overpowered and

brutally beaten. In the meantime his

wife ran for assistance but the ruffians

pursued her and overtook her and dis-

regarding her appeals for mercy drag-

ged her into the bushes and repeatedly cut-

ting her. They only departed after

PUT YOUR HAND

In a vice, turn the screw until the pain is all you can possibly bear, and that's Rheumatism; turn the screw once more, and that's Neuralgia. Such was the definition of these two diseases given him class by a Professor in a medical college, and he added: "Gentlemen, the medical profession knows no certain cure for either." The latter statement is no longer true, for it has been proved time and again that

ATHLOPHOROS

WILL CURE BOTH

C. F. Tilton, President, Ill., Engineer on C. & N. W. Ry., writes:

"I have been troubled with Rheumatism for ten years, and have been unable to do my work for months at a time. I have used two bottles of ATHLOPHOROS and am now perfectly cured. I cannot say too much for the medicine."

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prove that you buy it from your druggist, but if it hasn't it, do not be persuaded to try something else, but order at once from us, as directed.

Two freight engines will leave the Wabash shops this week.

Master Mechanic Barnes, of the Wabash road, was at Peru yesterday.

Richard Falconer has resigned his position in the Wabash machine shop.

The Wabash wreck train went out to New Haven this morning to bring in the wreck.

The Prohibitionist is now published from the residence of D. W. Jones, in South Wayne.

Jack Remsen, formerly captain of the Fort Wayne nine, has been released from the Brooklyn reserve list.

Miss Ida Kellogg, a clever vocalist, will visit here until after the holidays. Miss Kellogg has been engaged in the culture of her voice at Boston.

The independent republicans gave a banquet Saturday night at the Grand hotel, Indianapolis, in honor of the election of Cleveland and Hendricks.

A posse of police assembled about A. C. Trentman's wholesale house last night to capture a steam pipe which fell from its place with more noise than necessity.

The citizens of Anderson have determined to form a stock company to rebuild the Doxey opera house destroyed by fire last week. More than half the stock has already been subscribed.

A New York state senator, a personal friend of Governor Cleveland, says Mr. Cleveland had directed his clerks to destroy, without showing to him, all letters making application for office.

Prof. John M. Coulter, of Wabash college, has been elected a member of the American Scientific association. The number of members is limited to 100, hence a membership is highly prized among scientific men.

The official count of the Eleventh congressional district gives Steele, republican, only forty-two majority. Major Kidd, his competitor, who will contest his election, claims to have secured abundant evidence of fraud on Steele's part.

James McGuire, a former resident of Warsaw, and who has but lately served a term in the penitentiary, has been arrested by United States officials, charged with representing himself to be Robert Redwood, who recently died in the infirmary, and under such pretensions to be drawing his pension.

Ed. Cunningham, a noted character of Huntington, last Saturday night crawled up into the court house tower and went to sleep. In a short time he suddenly awoke and leaped from the front window of the tower, landing on the stone steps below, a distance of about twenty-five feet. He was not seriously injured.

President-elect Grover Cleveland will probably resign his position as governor about January 1 in order to give Lieutenant Governor Hill as much time as possible in the gubernatorial chair and also in order to have the two months rest which this will afford him. The statement that he has never been in Washington is untrue.

The total vote cast for Messrs. Hayes and Tilden in 1876 was 8,295,273. Mr. Tilden's majority was 252,224. In 1880, Dow, prohibitionist, received 10,305 votes; Weaver, greenbacker, 308,678; Hancock, 4,444,952; and Garfield, 4,454,416, giving him a plurality of 9,404 votes, a remarkable showing. The official vote of 1884 is likely to show many curious changes in figures.

The wreck on the Wabash yesterday afternoon was caused by an open switch and the party responsible for the negligence will be dismissed from service. It was several hours before the train was pulled away from the wreck, because it was necessary to telegraph to Andrews for a locomotive and the wreck train. The overturned engine was pulled out of the ditch to-day and put in the shops here to be repaired.

The shipments of flour, grain, and provisions from Chicago to the east during the week ending Saturday, Nov. 15, amounted to 47,848 tons during the preceding week, a decrease of 82 tons, and against 52,084 tons during the corresponding week of 1883, a decrease of 4,500 tons. Shipments of flour increased 1,566 tons. Those of grain decreased 3,608 tons, while those of provisions increased 2,010 tons. The Pittsburgh road carried 6,420 tons and the Nickel Plate 5,912 tons.

Charles Maples, of the village of Maples, in this county, was arrested yesterday on the charge of being the papa of a prospective babe. Miss Mary E. Curtis is the complainant. Maples acknowledged the impeachment and was locked up in default of \$100 bail. To-day he furnished bond and was released.

Maples is well known throughout the county and the scandal creates quite a sensation in rustic society. Miss Curtis has been a domestic of the Hedeikin house, the Harmon house, and the Globe Chop house here.

THE COURT HOUSE.

Henry Piepenbrink to William Piepenbrink, part of lot 21 Lillie's addition, \$150. Date of deed, Nov. 15, 1884.

Jesse L. Williams subdivides block 8 of DeWald, west of Harrison and east of Webster streets into lots, numbered from 154 to 159, inclusive.

Sufferers from nervousness, early decay, etc., if you value life avoid advertising doctors and medicines that act on the liver and kidneys. Be not deceived by the many bogus certificates of cures from paid or imaginary persons. If weakness of the sexual system is the cause of your distress, Dr. Guyott's Yellow Dock and Sarsaparilla will strengthen the parts affected, stop the drain, quiet the nerves, produce dreamless slumber and allow you to regain perfect health. It has cured thousands, and will cure you, for, by purifying the blood and strengthening every weak portion of the body it removes every symptom of distress.

A Hotel Burned.

Fargo, Dak., Nov. 17.—The Continental hotel was destroyed by fire at 8 o'clock this morning. All the guests and inmates escaped in safety, but most of their effects were destroyed. Loss, \$75,000; insurance, \$40,000.

Why is it

That the sale of Hood's Sarsaparilla continues at such a rapidly increasing rate?

1st: Because of the positive curative value of Hood's Sarsaparilla itself.

2d: Because of the conclusive evidence of remarkable cures effected by it, un-suppressed and seldom equalled by any other medicine.

Send to C. I. Hood & Co., Lowell, Mass., for book containing many statements of cures.

The entire force employed at C. N. Hoyt's large shoe factory at Havahill, Mass., left work at 9 a. m., being ordered out by the Knights of Labor. The trouble was caused by the refusal of Hoyt to reinstate a man he had discharged.

Burnett's Cassoline

Hardened Liver.

Five years ago I broke down with kidney and liver complaint and rheumatism. Since then I have been unable to be about at all. My liver became hard like wood; my limbs were puffed up and filled with water. All the best physicians agreed that nothing could cure me. I resolved to try Hop Bitters; I have used seven bottles; the hardness has all gone from my liver, the swelling from my limbs, and it has worked a miracle in my case; otherwise I would have been now in my grave. J. W. Morry, Buffalo, Oct. 1, 1881.

Poverty and Suffering.

"I was dragged down with debt, poverty and suffering for years, caused by a sick family and large bills for doctoring. I was completely discouraged, until one year ago, by the advice of a pastor, I commenced using Hop Bitters, and in one month we were all well, and none of us have seen a sick day since, and I want to say to all poor men, you can keep your families well a year with Hop Bitters for less than one doctor's visit will cost. I know it."—A WORKINGMAN.

Latest Scandal.

It is currently reported and without a shadow of denial, that one of our leading merchants has adopted FREE TRADE principles in his business to the extent that he will not admit of any PROTECTION in the way of an excessive Tariff on his goods, and as a substantial evidence of his sincerity protects the consumer by entirely ignoring the tariff, and marking his goods at 20 per cent. below the customers prices for cash. This is the popular Boot and Shoe Merchant.

However, in order to satisfy her, she tried it.
